Allen Claims Services provides independent adjusting services for Catastrophic Events and Daily Claims Service across the country.

Our services include all types of property losses including residential, commercial, farm, large losses and catastrophic losses. We strive to be recognized as the most efficient, quality provider of property claims and catastrophe services.

Northeast PA Territory

Property Claims Management

When property is damaged, we respond with service that covers all types of property losses such as residential, commercial, and large losses. Our Property Claims Management system will efficiently settle claims and assist your policyholders with personal consideration and respect.

Catastrophe Services

In the event of a large scale catastrophic loss, Allen Claims Services will provide services outside our local territory location which includes anywhere in the US. Allen Claims Services is experienced in handling losses that include damages from wind storms, hurricanes, tornadoes and hailstorms.
